

## Dr Eric Brown presents the Registered Inspector Course.

**On the 12<sup>th</sup> and 13<sup>th</sup> of October 2009, Dr Brown will be presenting this 2 day Carpet Inspector Course for the benefit of those looking to learn the skills of carpet inspection and problem solving.**

### **Dr Eric Michael Brown**

Dr Eric Brown is the Chief Executive of *Cleaning Research International*, the official testing house for the WOOLSAFE approval program. He has an honours degree in Textile Chemistry, a Masters degree in Textile Technology, and a Doctorate in Textile Technology, all from the University of Leeds, and a Masters degree in Business Administration from the University of Bradford, Great Britain.

From 1970 until 1987 he was employed by BTTG-WIRA, (formerly Wool Industries Research Association) where he was Head of Technical Services. At WIRA he was responsible for several laboratories concerned with the investigation of all aspects of textile performance from raw material to finished product, and including the laboratories of the British Carpet Technical Centre. He also set up CAMRASO, the *Cleaning and Maintenance Research and Services Organisation*, of which he was Manager.

Dr Brown has acted as a **Consultant** for a large number of organisations in connection with carpets and their cleaning. He has also provided expert evidence in a number of court cases involving the performance or durability or cleanliness of carpets and the incidence of slips on smooth flooring surfaces.

Dr Brown is the author of a number of **textbooks and manuals** for the building and floor cleaning industries and also "The Identification of Carpet Faults", and "Diagnostic Techniques for the Investigation of Carpet Complaints".

**For the cost of just \$1650.00 including GST**, this very comprehensive, no nonsense course, will cover all you need to know to develop the skills to identify problems, provide reports and solutions to a wide variety of cleaning and manufacturer related problems on all carpet types.

The course also includes the chemical diagnostic testing that is required to determine the cause of many problems that manufacturers and consumers face. The cost includes all resources, lunches and refreshments, and of course instruction from the world's leading authority on the subject of inspection and testing of carpet issues.

The WoolSafe Registered Inspector Course is for experienced carpet technicians and carpet manufacturer representatives who are looking to develop their investigative skills in carpet related problems.

Those who sit and pass this course are invited to join the existing Network of WoolSafe Registered Inspectors.
